

SCALE 1.0

From January 2015 – January 2017, the first phase of **Spreading Community Accelerators through Learning and Evaluation (SCALE)** supported 24 communities across 21 states in the U.S. to accelerate their community transformation journey toward a Culture of Health. These 24 communities, who worked on a variety of health, well-being, and equity topics, went on to support 43 additional communities in a program called Pathway to Pacesetters.

The first signature initiative of 100 Million Healthier Lives, SCALE 1.0 helped develop a model of community transformation called **Community of Solutions** -- a set of skills and behaviors that can lead to culture change and sustainable improvement in health, well-being, and equity.

SCALE was funded through the generous support of the [Robert Wood Johnson Foundation](#) (RWJF) and was created as a collaboration between the [Institute for Healthcare Improvement](#) (IHI), [Communities Joined in Action](#), [Community Solutions](#), and the [Network for Regional Healthcare Improvement](#).

Partners in SCALE 1.0 produced a series of synthesis reports:

[Overview of SCALE & A Community of Solutions](#)

[Foundations of a Community of Solutions](#)

[Engaging Community Residents with Lived Experience](#)

[Leading for Abundance: Approach to Generative Sustainability](#)

[Using Improvement Methods and Design Thinking to Guide Action](#)

[Findings from the SCALE Formative Evaluation](#)
