**Seeking Escape Fires: How will YOU impact health care?**

The IHI Open School has teamed up with Steve Spear, senior lecturer at the Massachusetts Institute of Technology and senior fellow at IHI, to design an activity that will to teach your Chapter about system design by making paper airplanes.

We invite all IHI Open School Chapters to run this activity at an upcoming Chapter meeting or event, and to join us on **Thursday, October 25, 2012, at 12 PM EST** for a webinar with Professor Spear to discuss what you learned while participating in the exercise. Join the growing number of participating Chapters and [sign up for the activity today!](#)

Thousands of students, residents, and community members marched to more than 50 health professional schools and universities last week to catch a free screening of *ESCAPE FIRE: The Fight to Rescue American Healthcare*, a documentary which examines the current state of America's health care system.

[Our newest blog post](#) takes a look at how our Chapters hosted screenings, gives tips on recreating that same momentum on your campus, and asks readers to share their personal escape fires with the entire IHI community.

**Community Updates**

**Welcome, New Chapters**

United States

University of Minnesota - Minneapolis, Minnesota

Cornell University, New York

International

Glyndwr University, North Wales, UK

**Discussion Board Challenge: Chapter Recruitment**

Do you have tips for recruiting new Chapter members? What about engaging other disciplines within your university?

Visit our [Chapter discussion board](#) to share your tips and thoughts - remember, there's \$250 available for the Chapter with the most activity by December 8!
