

10 Elements of Competence for Using Teach-back Effectively

- 1. Use a caring tone of voice and attitude.
- 2. Display comfortable body language and make eye contact.
- 3. Use plain language.
- 4. Ask the patient to explain back, using their own words.
- 5. Use non-shaming, open-ended questions.
- 6. Avoid asking questions that can be answered with a simple yes or no.
- 7. Emphasize that the responsibility to explain clearly is on you, the provider.
- 8. If the patient is not able to teach back correctly, explain again and re-check.
- 9. Use reader-friendly print materials to support learning.
- 10. Document use of and patient response to teach-back.

What is Teach-back?

- A way to make sure you—the health care provider—explained information clearly. It is not a
 test or quiz of patients.
- Asking a patient (or family member) to explain in their own words what they need to know or do, in a caring way.
- A way to check for understanding and, if needed, re-explain and check again.
- A research-based health literacy intervention that improves patient-provider communication and patient health outcomes¹.
